

NT Cutter Eco Precision Knife Basic

D400

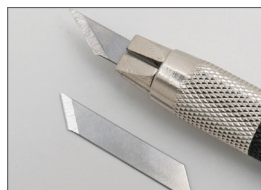

The NT Cutter D400 is a simple yet highly popular pen-style knife, valued for its precision and ease of use. Designed for intricate and detailed work such as stencil cutting, model making, and fine trimming, it's a reliable choice for both professionals and hobbyists. The cutter features a durable 9mm chemical-resistant resin handle that offers a comfortable and controlled grip, ideal for steady, accurate cutting. Despite being one of NT Cutter's most basic models, the D400 stands out for its exceptional performance in delicate applications. It uses degree-cutting blades for sharp, clean results, and comes complete with 5x BDA-200P 45° blades and 5x BDC-200P 30° blades for versatile cutting options. The pen-like design makes it lightweight and easy to maneuver, while the Japanese craftsmanship ensures quality and long-lasting durability.
