Auto-Retractable Mini Pocket Cutter

With Slice® Ceramic Blade - 10514

SLICE-MINI CUTTER

Ergonomic, popular and versatile.

The Slice® Auto-Retractable Mini Pocket Cutter with ceramic blade is a compact yet powerful tool suited for everyday use. Its safety features and ergonomic design make it ideal for diverse applications and industries. It's suitable for left- and right-handed users and is incredibly portable and convenient with an in-built magnet and key ring hole for easy access and storage. Widely regarded as one of our most versatile products, this cutter is ideal for opening and breaking down boxes, slicing through tape, plastic wrap, clamshell packaging, and paper. Its reliable safety features also help ensure the well-being of workers in warehouses and manufacturing facilities, contributing to safer workplaces.

Features & Benefits

- Finger-friendly® blade is the only safety blade on the market
- Auto retraction pulls in blade when user removes finger from blade slider
- Built in magnet for additional convenience
- Blade change button
- Ambidextrous design
- Integrated lanyard hole
- Finger-friendly® blade cuts effectively
- Reduces injuries; lowers costs
- Non-conductive, non-magnetic blade
- Chemically inert blade never rusts
- Oil- and lubricant-free blade
- 100 percent zirconium oxide blade
- Blade edge lasts up to 11x longer than metal
- Fewer blade changes = fewer injuries
- No-tool blade change

Replacement Blades

10404 rounded tip

10408 pointed tip
