Features:

Comfortable

improved rounded corners and anti-slip ribs make your grip secure and firm.

Ergonomic design

soft and chemical resistant materials give a smoother working experience.

INDUSTRIES

- Cleaning; Window/Glass Maintenance
- Painting/Decorating/Surface Preparation
- Tinting/Film Removal/Signage

6"

Safe

safety cap with newly developed and improved locking mechanism; supported by locking marks and a clear click sound.

Sharp

reinforced channel holds the sharp double edge blade. Improved trigger tab on blade holder with rounded corners.

Rubber squeegee feature

Triumph® MK2 is moulded out of one piece of reinforced plastic for extra durability. The scraper continues to be the tradesman's preferred tool due to its simplicity, light weight, high quality and, of course, the 150 mm-wide head. The scraper comes fitted with a 0.20 mm premium carbon blade and safety cap with rubber squeegee.

TRIUMPH®

Triumph 6" Scraper

With rubber squeegee

MK2

The Triumph+ MK2 is made as a single reinforced plastic casting for excellent durability. It has a 150 mm scraper head to make quick work of any scraping task. The Triumph+ MK2 is still a favourite amongst professional window cleaners for its simplicity, lightness, durability and quality, as well as the 150 mm width that makes even large scraping jobs go quickly.

The scraper comes with a carbon steel blade insert as standard, along with a safety cap and a rubber squeegee insert.

Features & Benefits

- Resists rust and ensures long-lasting performance.
- Reduces hand fatigue during extended use.
- Covers large areas for efficient cleaning.
- Cost-effective and easy to maintain sharpness.
- Protects blade and user when not in use.
- Easy to handle for precise control.
- Enhances safety in wet or dry conditions.
- Suitable for glass, window, film and paint.
- 1x carbon steel blade included.

Blade Changing

1. Locate the release button on the side

2. Press the release button to unlock the blade holder

3. Slide the old blade carefully out of place.

4. Carefully remove the blade

5. Replace the old blade with a new one

6. Insert the new blade holder by releasing the button securely.

7. Lock the blade holder by releasing the button firmly.

OUTER WEIGHT	8.5 kg

Why choose Triumph?

Quality. Function. Safety.

Since 1930, Triumph scrapers and blades have delivered on performance, ergonomics and safety to ensure that you are always sharp and competitive. The new generation of scrapers, Triumph+, is even better. More ergonomic, even safer and even more efficient – but not at the expense of the things that have made the original Triumph scraper and blades the favourite of so many professionals.

Stay Sharp.
